

Filing an Appeal?

The PIO has 30 days to answer your query / send you the information. If you don't receive the info during this period, send an appeal (First Appeal) to the Appellate Authority ([click here for details of Appellate Authority](#)) enclosing self attested copies of the request sent to the PIO. No fee is to be paid. The Appellate Authority also has 30 days time to decide upon your appeal and give decision.

If you are not satisfied with the decision of your appeal, you can then file a second appeal with the Uttarakhand Information Commission. The second appeal has to be in triplicate with self attested copies of all correspondences with the PIO and the Appellate Authority. No fee has to be paid. The Commission will then hear and decide upon your case.
